## Discover the Maldives with Dream World Adventures

The Maldives Island resorts that we promote offer different accommodation styles, ranging from garden rooms (located more to the centre of the island and at the best price), to beach rooms with direct access to the beach from private verandahs, or should the idea of living on the water excite you, then the water villas/suites are the perfect choice!

Another consideration when booking your Maldives stay is the type of meal plan. Most of our packages will have the option to book on a half board, full board or all-inclusive basis. Half board would typically include breakfast & dinner, full board would include breakfast, lunch and dinner and lastly you have the option of staying on an all-inclusive basis, which includes breakfast, lunch & dinner and also drinks! More details on each offering will be presented on the detailed quote you will receive from us.
